GOPHER CONNECTION CORRIDOR

Eau Claire - Twin Cities

This 80-mile corridor is part of a major passenger and freight corridor linking the Twin Cities, southern Wisconsin, and Chicago. It also provides critical economic links for the growing west central Wisconsin region to the fast growing Twin Cities metro area. St. Croix County is one of the fastest population growth counties in the state, as it becomes more and more part of the extended Twin Cities metro area. This corridor is part of the east-west central Wisconsin link between Green Bay and the Fox Valley and the Twin Cities.
